

## ***Reading List Volume 2***

**from**

**VARA's Youth Coordinator Alex Krebs**

Hello VARA Members!

We got through the "winter that never was" or I have also heard it called the "spring that started in November", whatever your name for what we experienced over the last few months, I believe it made some of us stronger and better for it. Many of our VARA resorts' revenues are down and that is unfortunate as we all rely on them to support ski racing. On the positive side (and yes I am finding a positive to this past season) athletes, coaches and PARENTS had to go with the flow, be creative and deal with all sorts of situations and weather conditions. There were times when athletes had gloves so wet they could wring them out but they didn't say a word and kept on training and competing. These are the things that make us strong "Easterners" and later in life able to deal with difficult life situations. Don't get me wrong, I am not asking for another season like this past one, but it made all of us "think outside of the box".

As promised to many of you I am sharing another suggested Summer Reading List with you.
