

MVC U14 RULES

2. Participation Requirements: The minimum age participation in the U14 series is 12 years old. U14 racers must hold current VARA and USSS competitor memberships.
3. Race Entries: All MVC U14 race entries will be done through an online race registration process. The race registration deadline will be 24 hours prior to the start of the race. Any race registrations received after the deadline will be charged a \$25 late fee.
4. Race Entry Fees: The recommended entry fee for U14 series races this season will be \$40 (plus applicable online processing fees) for tech events (SL/GS) and \$45 (plus applicable online processing fees) for SG. Entry fees will be collected via online registration.

7. Running Order:
 - a. MVC U14 races should be run in the following order: U14 girls, U14 boys. A competitor need not complete his/her first run successfully to get a second run.
 - b. The start orders for all MVC U14 council races will be determined by random draw conducted by the event organizer.
 - c. Running orders: U14 races should be run in the following order: U14 girls, U14 boys. First run start order will be a random draw of the field. Second run start order will be in the reverse bib order of the first run (complete flip of the fields by gender) for both boys and girls. (Except for duals, the start order will be the same for the first run and second run). The girl and boy with the last bib number from the first run will race first on the second run for their respective gender. The girl and boy with bib #1 from the first run will run last on the second run for their respective gender. All finishers, DNF's, DSQ's will be included in the reversed start order for the second run. Efforts within reason should be made to accommodate competitors who miss their start.
 - d. MVC Council standings will be kept all season. This series standing/ranking will be used for seeding to the VARA U14 State Championships. The VARA U14 State Championships is open to all eligible U14 racers.
8. Rules Particular to MVC U14 Series Races:
 - a. MVC U14 series races courses should be giant slalom, single pole slalom, GS (Terrain) camp with speed elements, and a SG race. The discipline of each race will be designated in the schedule prior to the beginning of the season.

The course set will have 2-4 hairpins; 1-2 vertical combinations (3 gate max); 1-3 delay gates.

- d. SG courses will be set in accordance with USSS U14 course setting guidelines. Gate distance will be 25-40m (delay minimum 15 m between successive gates...50 m from turning pole to turning pole) and maximum vertical drop of 350 m. A minimum of 1 jump is recommended. A training run is required.
- e. Individual places will be determined by combined time of the athlete's two runs. The course may be reset for the second run at the jury's discretion. Male and female competitors may run on separate courses if necessary.
- f. If the course is reset for the second run, the athletes must be given ample time to inspect the course.
- g. The loss of one or both skis in the start will be grounds for a re-run. All other USSS rules regarding re-runs should be observed.
- h. In compliance with USSS rule U629.4, a competitor shall be disqualified if he/she loses a ski more than two gates above the finish and they may not finish their run. However, this shall only result in a DNF for this competitor's particular run since all athletes are given two runs in the U14 race series.
- i. Protests for U14 races against a competitor, an official, a disqualification or against the timekeeping may be made verbally to the jury (as per U644.2). A protest fee of \$20 must be deposited with the submittal of the protest.
- j. Super G Camp: A U14 Super G/Terrain camp will be scheduled and will be open to all U14's. The camp will be held on one day with both genders. The camp will consist of skill stations and untimed sections. Speed guns can be utilized. The cost for the camp may be \$50 (plus applicable online processing fees). MVC U14 athletes must attend the SG/Terrain camp to be eligible to participate in the MVC U14 SG race.
- k. MVC Super G race: A MVC U14 SG race will be scheduled and will be open to all MVC U14's. The SG race will be scored and will count toward MVC council standings. The race will consist of a training run prior to the race run. In the event the jury feels we cannot run the training run due to force majeure, the athletes will have an organized free ski run on the race trail. The cost for the race should be at the discretion of the event organizer.

OUT OF COUNCIL RACERS:

The intent of allowing out of council racers to participate in MVC sponsored races is to further the sport of ski racing. Customarily, out of council racers are racers from out of state and/ or intra-council (NVC or SVC).

Intra-council and guest racers: If an athlete from another VARA council program would like to enter a MVC race (U14/U12/U10) the athletes' coach must place the request to the MVC council chair and be approved by vote by MVC. The request must be made one week prior to the race.

Out of council guest racers: If an athlete from another USSS state affiliation (outside of VARA) would like to enter a MVC race (U14/U12/U10) the athletes coach must place the request to the MVC council chair and be approved by MVC vote. The request must be made one week prior to the race.

The inclusion of an out of council racer in a council sponsored race occurs on an infrequent basis. In some cases, and out of council program may want to send a limited number of its racers to a council sponsored race to test the waters or to have its racers gain additional race experience. In other cases, a

racer may be visiting a program to determine if he or she wants to join that program. If the visit coincides with the time that a race has been scheduled, the visiting racer may want the opportunity to participate in a race with his/her future teammates.

The following rules apply to those limited number of cases involving an Out of Council racer:

- Out of council racers can enter any council sponsored U14/U12/U10 race with approval from the MVC council chair and each MVC mountain one week prior to the race.
 - Out of council athletes will be allowed to race 2 races per year. MVC will allow 4 boys and 4 girls per race.
 - Out of council racers must meet the same USSS membership requirements as MVC and have a valid competitors license. VARA membership or their own state governing body membership is required for all out of council guest racers.
 - The membership status of non- council racers must be determined when arrangements are being made for the inclusion of the racer in a council sponsored race.
 - Out of council racers must have coach representation at the team captains meeting.
 - Out of council racers will run at the end of each seed (after every 15th racer if more than 1 guest) for the first run of the specific race day. The second run start order will be complete flip of the field and the guest racer(s) will be able to take part in the flip.
 - The out of council racers time(S), finish place and home program/mountain are to appear in all published race results.
 - Out of council racers regardless of run times and finish places are eligible to receive awards.
 - All out of council racers must be excluded from all calculations of place points for selection of the council teams. Place points for each run must be calculated as if the out of council racer did not participate in the race.

PETITIONING ATHLETES (SKI DOWN)

If an athlete is approved, they will follow MVC Council and VARA rules for the U14 age class. Petitioning athlete (PA) may qualify for the VARA U14 State Championships. The following conditions apply:

 - b. The Bean Pot award (team award) is given based on the top 4 boys and/or girls with the lowest score by team. Team scores will be calculated as follows:
 - i. Each gender should be ranked separately.
 - ii. Each team's top 4 place points based on best combined time (regardless of gender) are then added together.
 - iii. The team with the lowest score wins. For example, a team with the 1st, 5th, 8th and 9th boys and the 2nd, 3rd, 4th and 12th girls would have a team score of 10.
